

NO BIG TECH MONEY PLEDGE

I pledge not to take contributions over \$200 from Big Tech executives, lobbyists, and PACs and instead prioritize small businesses, families, and our democracy over the monopolies of Apple, Alphabet, Amazon, Facebook/Meta, and Microsoft.

Taking the pledge means a political candidate's campaign must not accept any contributions over \$200 from the corporate Political Action Committees (PACs), named executives, or lobbyists of Apple, Alphabet (parent company of Google), Amazon, Meta (formerly Facebook), and Microsoft.
